Customer confirms, represents, and warrants that Customer is not subject to any sanctions, in particular, that Customer is not included in any list of persons, entities or bodies ("**PEB**") with which business is restricted or prohibited. Customer also confirms, represents, and warrants that Customer is neither directly nor indirectly majority-owned, held or controlled by any such PEB. Such lists of PEB include, but are not limited to, those issued by the EU or any of its Member States, the United Nations (UN) Security Council, and/or the US Government, whereas these confirmations shall extend to sanctions lists relating to economic sanctions measures taken by one or more states against another state and issued by any body other than the UN, the EU or the Federal Republic of Germany only if the UN, the EU or the Federal Republic of Germany have also adopted – albeit not identical – economic sanctions measures against that state ("**Applicable Sanctions List**"). Customer will inform osapiens immediately if Customer itself or one of the PEB holding or controlling the Customer is included in an Applicable Sanctions List. This applies in particular, but not exclusively, to the provision of the software to PEBs based in Russia, including subsidiaries or other group companies based in Russia, that are owned by, or solely or jointly controlled by, a PEB which is incorporated or constituted under the law of an EU Member State, a country member of the European Economic Area (EEA), Switzerland or a partner country as listed in Annex VIII of Regulation (EU) 833/2014, and the use of General License No. 42 of the Federal Office for Economics and Export Control (BAFA). The Customer must prove to osapiens the effective use of General License No. 42 before providing the software to PEB in Russia, without this requiring an inquiry or request by osapiens

All previous assurances, discussions and documents have been incorporated in the Contract and are replaced by it. However, any confidentiality agreements that have been concluded shall continue to apply. Unless expressly agreed otherwise, the Contract can only be amended by mutual agreement and in writing. General terms and conditions of the Customer shall not apply. This shall apply even if the Customer refers to his own terms and conditions, e.g. in the context of orders or purchase orders, and osapiens does not expressly object to these or otherwise accepts the order.

19.2 Severability

Should any provision of the Contract turn out to be invalid, ineffective or unenforceable, this shall not affect the validity, effectiveness and enforceability of the other provisions of the Contract. The Parties undertake to replace the invalid, ineffective or unenforceable provision with a legally permissible one that comes as close as possible to the purpose of the original provision.

19.3 Formal Requirements

Signatures in any commonly accepted electronic form (including e-mail or dedicated signature solutions) will be considered original signatures.

Unless expressly agreed otherwise, all notifications must be made electronically and be sent to the address specified in the Order Form. Notifications from osapiens with respect to the operation, modification, update or support of the Service may be made in the form of an electronic notification to the authorised representative or administrator of the Customer as specified in the Order Form.

19.4 Amendments to the GTC

osapiens reserves the right to amend or update these GTC at any time if this is necessary for legal, technical or operational reasons. Amendments to these GTC will be communicated to the Customer at least 60 days before they enter into force. The amended GTC shall become part of the Contract, provided that the Customer agrees to the amendments. If the Customer does not agree to the amendments within a period specified by osapiens, which shall be at least 30 days, the Contract will remain unchanged. In this case, osapiens shall be entitled to termination for cause of the Contract with 60 days' notice if, for technical or legal reasons, the continued contractual performance is impossible or cannot reasonably be expected without the amendments to the GTC.

In the notification concerning the GTC amendments, osapiens shall inform the Customer of the possibility of termination for cause.

19.5 Assignment

Neither Party may assign or transfer the Contract (or his rights and obligations under the Contract) to any third party without the prior written consent of the other Party, with the exception that osapiens may assign the Contract to one of its Affiliates.

19.6 Subcontracting

osapiens may subcontract the contractually agreed services or parts thereof to third parties, provided that this does not impair the quality of the performance. osapiens shall remain liable to the Customer for breaches of the Contract caused by its subcontractors.

19.7 Authorization, Legislative Framework

Each Party hereby confirms that they are authorized to enter into this Contract. Moreover, each Party warrants the current and ongoing compliance with all laws and regulations applicable to them in connection with

- a) the operation of the business of osapiens, insofar as the Service is concerned, in the case of osapiens, and
- b) the Customer Data and the use of the Services by the Customer, in the case of the Customer.

The Contract is in force irrespective of any legal provisions applicable to the Customer or osapiens.

19.8 Relationship of the Parties

The Parties operate as contracting partners that are independent from each other. This Contract does not establish any partnership, franchise, joint venture, agency, trust or employment relationship between the Parties.

19.9 Applicable Law and Place of Jurisdiction

The Contract concluded between osapiens and the Customer and all claims related to its subject matter shall be governed exclusively by the laws of the Federal Republic of Germany, under exclusion of the provision of the UN Convention on Contracts for the International Sale of Goods (CISG) and under exclusion of private international law.

The courts of Mannheim, Germany, shall have exclusive jurisdiction over all disputes that arise from or in connection with the Contract or its validity.
