100k+

suppliers onboarded in the free supplier portal

80%

Less time spent on reporting

- ✓ Integrate with your ERP & Procurement system for real-time data sync using native SAP connector or REST API.
- ✓ Comes with pre-configured templates or customize it the way you like.
- ✓ Effortlessly share DDS references with your customers through the free customer portal.

Everything you need for EUDR, in one place

Manage complete EUDR process – supplier onboarding, data collection, risk analysis & mitigation, DDS submission and sharing – all automated in one tool.

Intelligent Risk Management

Proactively manage risk with real-time AI-powered satellite monitoring and legality risk analysis to assess risks specific to the requirements of EUDR.

Streamlined business partner collaboration

Enable faster coordination, request and share data with your suppliers and customers through dedicated portals – ensuring alignment at every step.

Automate your workflow

Build custom workflows and automate your routine tasks. Trigger data collection, validation, and DDS submission – all while staying in full control.

- ✓ Built to manage multiple entities & complex supply chains – offers flexible configuration and role-based access.
- ✓ Generate DDS automatically for aggregated products with flexible product aggregation for batch production/sourcing.

Trusted by world's leading businesses across all industries

Validated by leading legal experts

Ready to streamline & automate EUDR compliance?
